

Aluminium Frame Sections

Our team of qualified engineers (851 standard) produce high quality screen printing frames to specific requirements from either customer's verbal instructions or by detailed technical drawings.

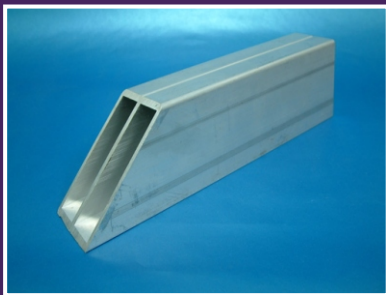

We supply standard aluminium sections (non-strengthened) as follows: 25mm x 25mm / 38mm x 38mm / 40mm x 40 mm / 50mm x 40mm / 76mm x 50mm / 150mm x 50mm.

Triple Strength Section

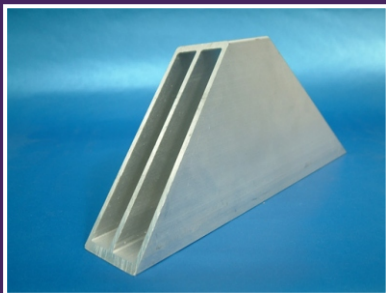

We also supply our own designed 'triple strength section', giving maximum superior strength and durability in the following sizes:

40mm x 40mm
for frames with a
maximum length
size of 1400mm

60mm x 40mm
for frames with a
maximum length
size of 2700mm

95mm x 40mm
for frames with a
maximum length
size of 4600mm
